

Placing Ads in The Banner

We have a team of **professional designers** to create your ad the way you envision it. Your ad will truly be unique!

We offer three different ad styles to choose from: full color, spot color (**red, blue, green** or **yellow**), or black & white.

The cost of designing the ad is included in our advertising rates. See our rates/sizes in The Banner or on our website.

There is an ad size for nearly any budget, all the way from **1" Column Ads** to **2 pages or more**. The sky is the limit!

Each issue promotes specific breeds of sheep. Advertise frequently when you need to...but plan now to participate during these special issues! See the list on our website.

You have the option of adding any of our **30,000 photos taken annually** at sheep shows and sales across the country in your advertisement. Each photo scanned into your black & white or spot color ad costs only \$6.00. **All photos used in full color ads are FREE for use in the ad!**
