Dear Sheep Breeder,

Plans have been finalized for the BIG Ohio Sale Weekend and you are invited to consign! We expect this year's sale to be even bigger and better and are excited to announce that there are three breeds holding their National Sales in conjunction with our sale. They are the National Corriedale Sale, National American Natural Colored Sale, and the National Shropshire Sale. In addition, the Eastern Regional Hampshire, Eastern Regional Texel, Eastern Regional Dorper and Eastern Regional Rambouillet Sales will once again be part of the Big Ohio Sales. Again this year, **rams will show and sell before ewes by breed.**

Banner Sale Management Service is excited to be given the opportunity to again manage this prestigious event. It takes a tremendous team effort to pull together an event of this magnitude and your participation will help to guarantee that success.

This letter contains the rules and conditions that the sale will be held under. Please pay close attention to specific breed requirements as there have been some changes or adjustments from previous years. Also included is a sheet listing 2019 General Sale Information that applies to Banner Sale Management Sales in general. Please read all information carefully. When you submit entries to this sale you are agreeing to abide by all rules and regulations so please read and familiarize yourself with all information. If at any time there are any questions, please contact Banner Sale Management Service for clarification and assistance.

**FUTURITY:** Designate any futurity ewe lambs that you wish to nominate. If a ewe lamb is nominated in your respective national association then we will indicate that information in the sale catalog, when we paint brand the sheep and list it on the sale order. Please clearly designate any nominated yearling ewes or ewe lambs on the entry form and at check in. For information on the respective Futurity programs, please contact your breed association.

**NOTE: Possible sale order change beginning in 2020.** The Big Ohio Sale Committee is considering setting the 2020 show and sale schedule by barn based on the previous three years' sale averages, with the breeds with the highest sale averages selling first. Your feedback on the potential change is welcome, and will help guide the committee in its decision.

**DNA DISCLOSURE REQUIREMENTS: THIS RULE WILL BE STRICTLY ENFORCED –**

**ALL CONSIGNORS MUST DECLARE FOR ALL ANIMALS IN ALL BREEDS.** ALL animals sold in the BIG Ohio Sale Weekend (registered & unregistered) are required to disclose DNA information. This information will be printed on sale orders.

Full Codon 171 (scrapie susceptibility) and Spider Syndrome genotype information must be disclosed at check in on any animals selling in the following breeds: Suffolks, Hampshires, Shropshires, Southdowns, Oxfords, and Crossbred / Unregistered. All other breeds entered need to disclose full Codon 171 information. This Codon 171 and Spider Syndrome genotype information will be printed on the sale order for all breeds. Sheep of (RR, QR, QQ, NN, NS) will be allowed to sell. Each consignor must declare and guarantee the genetic makeup of each of their entries with respect to both Spider Syndrome and Codon 171.

**Southdowns:** As this is an American Southdown Breeders' Association (ASBA) sanctioned sale, rules adopted by the ASBA relating to Sale Warranty will be followed. "At all sales sponsored by this Association (ASBA) the seller warrants to the buyer that sheep sold are free of hereditary chondrodysplasia (spider), ectodermal dysplasia (hairy lamb) and contain a minimum of one R at codon 171." Any questions concerning these warranty rules should be directed to the ASBA.

**Shropshires:** The Ohio Shropshire Sheep Association as sponsors of the sale requires that all Shropshires must be NN and RR or QR. There will be no QQ or NS Shropshires allowed to be sold..

**Texels:** The Texel Sheep Breeders Society has determined that only sheep that have been tested negative to Ovine Progressive Pneumonia (OPP) within 30 days prior to the Eastern Regional Texel Show and Sale will be allowed to be penned and participate. All sheep must be accompanied by a negative OPP AGID or ELISA test regardless of age. Animal identification must match test result identification. Additionally, the tail docks of all entered Texel sheep must be liftable.

**Cheviots, Columbias, Corriedales, Dorpers, Dorsets (Horned, Polled & Wether Type), Katahdins, Montadales, Natural Coloreds, Oxfords, Texels, Rambouillets:** Sheep of all genotypes (RR, QR, QQ) will be allowed to sell. Each consignor must declare and guarantee the genetic makeup of each of their entries with respect to Codon 171. (Spider Syndrome is not required and will not be recorded).

**All Breeds of Sheep:** Banner Sale Management believes that DNA test results can be a useful tool for both consignors and prospective buyers. Only Codon 171 and Spider Syndrome (as required above) will be reported on the sale order. For those that test other Codons (154 or 136), these results will not be reported on the sale orders. You may include that information on entry forms for cataloging purposes. BSMS encourages you to also include that information on stall cards. Space is available on the entry forms if this information is known at the time entries are made. We suggest that all consignors post DNA results on stall cards at the pens so that this information can be made available to prospective buyers. Blank stall cards are available at check-in. Neither Banner Sale Management nor sale sponsors shall assume any liability, legal or otherwise, expressed or implied as it relates to this information.
